THE JOURNAL

OF

Comparative Pathology

AND

Therapeutics

VOLUME LXXII
1962

EDITED BY

T. J. BOSWORTH
J. T. STAMP
R. E. GLOVER
E. G. WHITE
J. G. WRIGHT

FOUNDED IN 1888
BY
JOHN M'FADYEAN

FUMIGATED 1995

67-34961

SF601
J68
v.72

INDEX TO AUTHORS IN VOLUME LXXII

PAGE

ARSECULERATNE, S. N. Actinobacillosis in the Joints of Rabbits 33

BALDWIN, B. A. The Presence and Properties of Newcastle Disease Virus in the Aqueous Humour of Chickens 190
BANNATYNE, C. C. (See Nisbet, D. I.)
BARBER, L. (See Guilbride, P. D. L.)
BEATTIE, T. D. (See Pearson, J. K. L.)
BENDALL, J. R. and LAWRIE, R. A. The Effect of Pre-Treatment with Various Drugs on Post-Mortem Glycolysis and the Onset of Rigor Mortis in Rabbit Skeletal Muscle 118
BIBERSTEIN, E. L. and GILLS, M. G. The Relation of the Antigenic Types to the A and T Types of *Pasteurella haemolytica* 316
BROTHERSTON, J. G. (See Nisbet, D. I.)
BROTHERSTON, J. G. (See Gilmour, N. J. L.)
BUTLER, E. J. (See Nisbet, D. I.)

CAMERON, J. MALCOLM. Experimental Lathyrism in Aylesbury Ducklings 245
CARNAGHAN, R. B. A. Demonstration of Immunity in Infectious Synovitis of Chickens 433
CHANDLER, R. L. Infection of Laboratory Animals with *Mycobacterium johnei*. V. Further Studies on the Comparative Susceptibility of C57 Black Mice 198
CHAPMAN, W. G. (See Huck, R.A.)
CHODNIK, K. S., and STEVENS, JEAN W. Immunity to Swine Erysipelas in Pigs. Direct Challenge with *Erysipelothrix rhusiopathiae* by Intradermal Route 142
COBB, L. M., and MCKAY, K. A. A Bacteriological Study of the Liver of the Normal Dog 92
CORDY, D. R. (See Dungworth, D. L.)
CORDY, D. R. (See Dungworth, D. L.)
CORNWELL, R. L. Blood Eosinophil Response of Calves to Normal and Irradiated Larvae of *Dictyocaulus viviparus* 170
CORNWELL, R. L. Production of Immunity to *Dictyocaulus viviparus* by the Parenteral Administration of Fourth Stage Larvae .. 181
COYLE, T. J. (See Guilbride, P. D. L.)

DAVIDSON, D. J. G. (See White, F.)
DAVIES, E. B. (See Huck, R. A.)
DIXON, JOAN B., and SANFORD, J. Pathological Features of Spontaneous Canine Diabetes Mellitus 153
DOW, C. Testicular Tumours in the Dog 247
DOW, C. Experimental Uterine Infection in the Domestic Cat 303
DOW, C. and MCFERRAN, J. B. The Pathology of Aujeszky's Disease in Cattle 337
DONE, J. T. (See Parish, W. E.)
DUNGWORTH, D. L., and CORDY, D. R. The Pathogenesis of Ovine Pneumonia. I. Isolation of a Virus of the PLV Group 49

PAGE

DUNGWORTH, D. L., and CORDY, D. R. The Pathogenesis of Ovine Pneumonia. II. Isolation of Virus from Faeces: Comparison of Pneumonia caused by Faecal, Enzootic Abortion and Pneumonitis Viruses 71

EDWARDS, S. J. Effect of Antibiotics on the Growth Rate and Intestinal Flora (*Escherichia coli*) of Calves 420

GILLES, H. M. (See Walshe, S. L. H.)
GILLS, M. G. (See Biberstein, E. L.)
GILMOUR, N. J. L. (See Nisbet, D. I.)
GILMOUR, N. J. L., and BROTHERSTON, J. G. Quantitative Studies of *Mycobacterium johnei* in the Tissues of Sheep. IV. The Distribution of *M. johnei* shortly after Oral Dosing 165
GOODWIN, R. F. W. Some Clinical and Experimental Observations on Naturally-occurring Pantothenic-Acid Deficiency in Pigs 214
GOODWIN, R. F. W., and WHITTLESTONE, P. A Respiratory Disease of Pigs (Type XI) differing from Enzootic Pneumonia. The Field Disease 389
GOURLAY, R. N. (See Harker, K. W.)
GUILBRIDE, P. D. L., COYLE, T. J., MCANULTY, E. G., BARBER, L., and LOMAX, G. D. Some Pathogenic Agents found in Hippopotamus in Uganda 137

HARKER, K. W., GOURLAY, R. N., and LOCK, J. A. *Bersama abyssinica* Poisoning. The Effects of a Purified Extract on Cattle 308
HUCK, R. A., MARTIN, W. B., DAVIES, E. B., and CHAPMAN, W. G. The Neutralisation of Four Strains of Teschen Virus by the Sera of Pigs Infected with the Talfan Strain 374
HUCK, R. A. Experimental Disease Produced in Pigs following Infection with the Konratice and Talfan Strains of the Teschen Group of Viruses 380

LAWRIE, R. A. (See Bendall, J. R.)
LOCK, J. A. (See Harker, K. W.)
LOMAX, G. D. (See Guilbride, P. D. L.)

MCFERRAN, J. B. (See Dow, C.)
MCKAY, K. A. (See Cobb, L. M.)
MACLEOD, J. Observations on Tick-Transmission of Louping-Ill to Sheep 411
MCANULTY, E. G. (See Guilbride, P. D. L.)
MARTIN, W. B. (See Huck, R. A.)
MICHEL, J. F. Studies on Resistance to Dictyocaulus Infection. IV. The Rate of Acquisition of Protective Immunity in Infection of *D. viviparus* 281
MILLSON, G. C. (See Pattison, I. H.) 233
MOULD, D. L., and SMITH, W. The Causal Agent of Scrapie. I. Extraction of the Agent from Infected Sheep Tissue .. 97
MOULD, D. L., and SMITH, W. The Causal Agent of Scrapie. II. Extraction of the Agent from Infected Goat Tissue .. 106

PAGE

NISBET, D. I., GILMOUR, N. J. L., and BROTHERSTON, J. G. Quantitative Studies of *Mycobacterium johnei* in the Tissues of Sheep. III. Intestinal Histopathology 80

NISBET, D. I., BUTLER, E. J., BANNATYNE, C. C., and ROBERTSON, J. M. Osteodystrophic Diseases of Sheep. I. An Osteoporotic Condition of Hoggs known as Double Scalp or Cappi .. 270

O'SHEA, J. D. Studies on the Canine Prostate Gland. I. Factors Influencing its Size and Weight 321

PARISH, W. E., and DONE, J. T. Seven Apparently Congenital Non-Infectious Conditions of the Skin of the Pig, resembling Congenital Defects in Man 286

PATTISON, I. H., and MILLSON, G. C. Distribution of Scrapie Agent in the Tissues of Experimentally Inoculated Goats .. 233

PEARSON, J. K. L., and BEATTIE, T. D. In Vitro Studies on Staphylococci of Bovine Origin Using Penicillin. BRL 1241 (Celbenin) 266

RAMPTON, C. S. (See Scott, G. R.)

RANKIN, J. D. The Experimental Infection of Cattle with *Mycobacterium johnei*. IV. Adult Cattle Maintained in an Infectious Environment 113

RATTRAY, E. A. S. (See White, F.)

RENNIE, J. C. (See Zlotnik, I.)

ROBERSTON, J. M. (See Nisbet, D. I.)

ROSE, J. H. Further Observations on the Free-Living Stage of *Ostertagia ostertagi*, in Cattle 11

ROSS, J. G. *Mycoplasma mycoides var. mycoides* in Mice. Course of the Lesion, and the Primary and Secondary Serological Response in an Inbred Line of Mice 1

ROSS, J. G. *Mycoplasma mycoides var. mycoides* in Mice. A comparison of Lesion and Serological Response in Five Inbred Lines 332

SANFORD, J. (See Dixon, Joan B.)

SCOTT, G. R. and RAMPTON, C. S. Influence of the Route of Exposure on the Titre of Rinderpest Virus in Rabbits 299

SMITH, J. E. Characteristics of Staphylococci from the Nose of Healthy Dogs 131

SMITH, W. (See Mould, D. L.)

SMITH, W. (See Mould, D. L.)

STEVENS, Jean W. (See Chodnik, K. S.)

SYKES, A. H. The Renal Excretion of Some Sulphonamides in the Fowl 149

THORPE, E. Pathological Effects of the Administration of Methyridine to Rats, Cattle and Sheep 29

WALSHE, S. L. H., and GILLES, H. M. Haematological and Biochemical Observations on a Herd of Gambian Cattle .. 439

PAGE

WHITE, F., RATTRAY, E. A. S., and DAVIDSON, D. J. G. Serological Typing of Coagulase Positive Staphylococci Isolated from the Bovine Udder 19

WHITTLESTONE, P. (See Goodwin, R. F. W.)

WIGHT, P. A. L. Variations in Peripheral Nerve Histopathology in Fowl Paralysis 40

WIGHT, P. A. L. The Histopathology of the Central Nervous System in Fowl Paralysis 348

ZLOTNIK, I., AND RENNIE, J. C. The Pathology of the Brain of Mice Inoculated with Tissues from Scrapie Sheep 360

ZLOTNIK, I. A Comparative Study of Early Brain Lesions of Goats Inoculated with Scrapie Goat Brain by the Intracerebral and the Subcutaneous Routes 366

INDEX TO SUBJECTS IN VOLUME LXXII

PAGE

ABORTION and Pneumonitis Viruses. The Pathogenesis of Ovine Pneumonia. II. Isolation of Virus from Faeces: Comparison of Pneumonia caused by Faecal, Enzootic . . . D. L. Dungworth and D. R. Cordy 71
Actinobacillosis in Joints of Rabbits . . . S. N. Arseculeratne .. 33
Antibiotics on the Growth Rate and Intestinal Flora (*Escherichia coli*) of Calves. Effect of . . . S. J. Edwards 420
Antigenic Types to the A and T Types of *Pasteurella haemolytica*. The Relation of the . . . E. L. Biberstein and M. G. Gills .. 316
Aqueous Humour of Chickens. The Presence and Properties of Newcastle Disease Virus in the . . . B. A. Baldwin 190
Aujesky's Disease in Cattle. The Pathology of . . . C. Dow and J. B. McFerran 337
Aylesbury Ducklings. Experimental Lathyrism in . . .J. Malcolm Cameron 245

BACTERIOLOGICAL Study of the Liver of the Normal Dog. A . . . L. M. Cobb and K. A. McKay 92
Bersama abyssinica Poisoning. The Effects of a Purified Extract on Cattle . . . K. W. Harker, R. N. Gourlay and J. A. Lock .. 308
Biochemical Observations on a Herd of Gambian Cattle. Haematological and . . . S. L. H. Walshe and H. M. Gilles 439
Blood Eosinophil Response of Calves to Normal and Irradiated Larvae of . . . *Dictyocaulus viviparus*. . . R. L. Cornwell .. 170
Bovine origin using Penicillin BRL. 1241. (Celbenin). In vitro Studies on Staphylococci of . . . J. K. L. Pearson and T. D. Beattie 266
Bovine Udder. Serological Typing of Coagulase Positive Staphylococci Isolated from the . . . F. White, E. A. S. Rattray and D. J. G. Davidson 19
Brain of Mice Inoculated with Tissues from Scrapie Sheep. The Pathology of the . . . I. Zlotnik and J. C. Rennie 360
Brain Lesions of Goats Inoculated with Scrapie Goat Brain by the Intracerebral and the Subcutaneous Routes. A Comparative Study of Early . . . I. Zlotnik 366

CALVES to Normal and Irradiated Larvae of *Dictyocaulus viviparus*. Blood Eosinophil Response of . . . R. L. Cornwell 170
Calves. Effect of Antibiotics on the Growth Rate and Intestinal Flora (*Escherichia coli*) of . . . S. J. Edwards 420
Canine Diabetes Mellitus. Pathological Features of Spontaneous . . . Joan B. Dixon and J. Sanford 153
Canine Prostate Gland. I. Factors Influencing its Size and Weight. Studies on the . . . J. D. O'Shea 321
Cappi. Osteodystrophic Diseases of Sheep. I. An Osteoporotic Condition of Hoggs known as Double Scalp or . . . D. I. Nisbet, E. J. Butler, C. C. Bannatyne and J. M. Robertson 270

PAGE

Goats Inoculated with Scrapie Goat Brain by the Intracerebral and the Subcutaneous Routes. A Comparative Study of the Early Brain Lesions of . . . I. Zlotnik 366
Growth Rate and Intestinal Flora (*Escherichia coli*) of Calves. Effects of Antibiotics on the . . . S. J. Edwards 420

HAEMATOLOGICAL and Biochemical Observations on a Herd of Gambian Cattle . . . S. L. H. Walshe and H. M. Gilles .. 439
Hippopotamus in Uganda. Some Pathogenic Agents Found in . . . P. D. L. Guilbride, T. J. Coyle, E. G. McAnulty, L. Barber and G. D. Lomax 137
Histopathology in Fowl Paralysis. Variations in Peripheral Nerve . . . P. A. L. Wight 40
Histopathology of the Central Nervous System in Fowl Paralysis . . . P. A. L. Wight 348
Histopathology. Quantitative Studies of *Mycobacterium johnei* in the Tissues of Sheep. III. Intestinal . . . D. I. Nisbet, N. J. L. Gilmour and J. G. Brotherston 80

IMMUNITY to *Dictyocaulus viviparus* by the Parenteral Administration of Fourth Stage Larvae. Production of . . . R. L. Cornwell .. 181
Immunity in Infection of *D. viviparus*. Studies on Resistance to Dictyocaulus Infection. IV. The Rate of Acquisition of Protective . . . J. F. Michel 281
Immunity in Infectious Synovitis of Chickens. Demonstration of . . . R. B. A. Carnaghan 433
Infection of Laboratory Animals with *Mycobacterium johnei*. V. Further Studies on the Comparative Susceptibility of C57 Black Mice . . . R. L. Chandler 198
Infectious Synovitis of Chickens. Demonstration of Immunity in . . . R. B. A. Carnaghan 433
Intestinal Histopathology. Quantitative Studies of *Mycobacterium johnei* in the Tissues of Sheep. III. . . . D. I. Nisbet, J. N. L. Gilmour and J. G. Brotherston 80
Intestinal Flora (*Escherichia coli*) of Calves. Effect of Antibiotics on the Growth Rate and . . . S. J. Edwards 420
Intracerebral and the Subcutaneous Routes. A Comparative Study of Early Brain Lesions of Goats Inoculated with Scrapie Goat Brain by the . . . I. Zlotnik 366
Intradermal Route. Immunity to Swine Erysipelas in Pigs. Direct Challenge with *Erysipelothrix rhusiopathiae* by . . . K. S. Chodnik and Jean W. Stevens 142
Irradiated Larvae of *Dictyocaulus viviparus*. Blood Eosinophil Response of Calves to Normal and . . . R. L. Cornwell 170

JOINTS of Rabbits. Actinobacillosis in . . . S. N. Arseculeratne .. 33

KONRATICE and Talfan Strains of the Teschen Group of Viruses. Experimental Disease Produced in Pigs Following Infection with the . . . R. A. Huck 380

PAGE

LABORATORY Animals with *Mycobacterium johnei*. V. Further Studies on the Comparative Susceptibility of C57 Black Mice. Infection of . . . R. L. Chandler 198
Larvae of *Dictyocaulus viviparus*. Blood Eosinophil Response of Calves to Normal and Irradiated . . . R. L. Cornwell . . 170
Larvae. Production of Immunity to *Dictyocaulus viviparus* by the Parenteral Administration of Fourth Stage . . . R. L. Cornwell 181
Lathyrism in Aylesbury Ducklings. Experimental . . . J. Malcolm Cameron 245
Liver of the Normal Dog. A Bacteriological Study of the L. M. Cobb and K. A. McKay 92
Louping-Ill to Sheep. Observations on Tick-Transmission of . . . J. MacLeod 411

MAN. Seven Apparently Congenital Non-Infectious Conditions of The Skin of the Pig Resembling Congenital Defects in . . . W. E. Parish and J. T. Done 286
Methyridine to Rats, Sheep and Cattle. Pathological Effects of the Administration of . . . E. Thorpe 29
Mice. Course of the Lesion, and the Primary and Secondary Serological Response in an Inbred Line of Mice. *Mycoplasma mycoides* var mycoides in . . . J. G. Ross 1
Mice. Infection of Laboratory Animals with *Mycobacterium johnei*. V. Further studies on the Comparative Susceptibility of C57 Black . . . R. L. Chandler 198
Mice. A Comparison of Lesion and Serological Response of Five Inbred Lines. *Mycoplasma mycoides var mycoides* in . . . J. G. Ross 332
Mice Inoculated with Tissue from Scrapie Sheep. The Pathology of the Brain of . . . I. Zlotnik and J. C. Rennie 360
Muscle. The Effect of Pre-Treatment with Various Drugs on Post-Morten Glycolysis and the Onset of Rigor Mortis in Rabbit Skeletal . . . J. R. Bendall and R. A. Lawrie . . 118
Mycobacterium johnei in Tissues of Sheep. III. Intestinal Pathology. Quantitative Studies of . . . D. I. Nisbet, N. J. L. Gilmour and J. G. Brotherston 80
Mycobacterium johnei. IV. Adult Cattle Maintained in an Infectious Environment. The Experimental Infection of Cattle with . . . J. D. Rankin 113
Mycobacterium johnei in the Tissues of Sheep. IV. The Distribution of *M. johnei* shortly after Oral Dosing. Quantitative Studies of . . . N. J. L. Gilmour and J. G. Brotherston 165
Mycobacterium johnei. V. Further Studies on the Comparative Susceptibility of C57 Black Mice. Infection of Laboratory Animals with . . . R. L. Chandler 198
Mycoplasma mycoides var. mycoides in Mice. Course of the Lesion, and the Primary and Secondary Serological Response in an Inbred Line of Mice . . . J. G. Ross 1
Mycoplasma mycoides var. mycoides in Mice. A Comparison of Lesion and Serological Response in Five Inbred Lines . . . J. G. Ross 332
